

# BOB STERN'S FIGURE 8 PUZZLE

For this puzzle, place one word (or one part of a compound word) in each box. The adjacent boxes will form a two-word phrase or compound word.

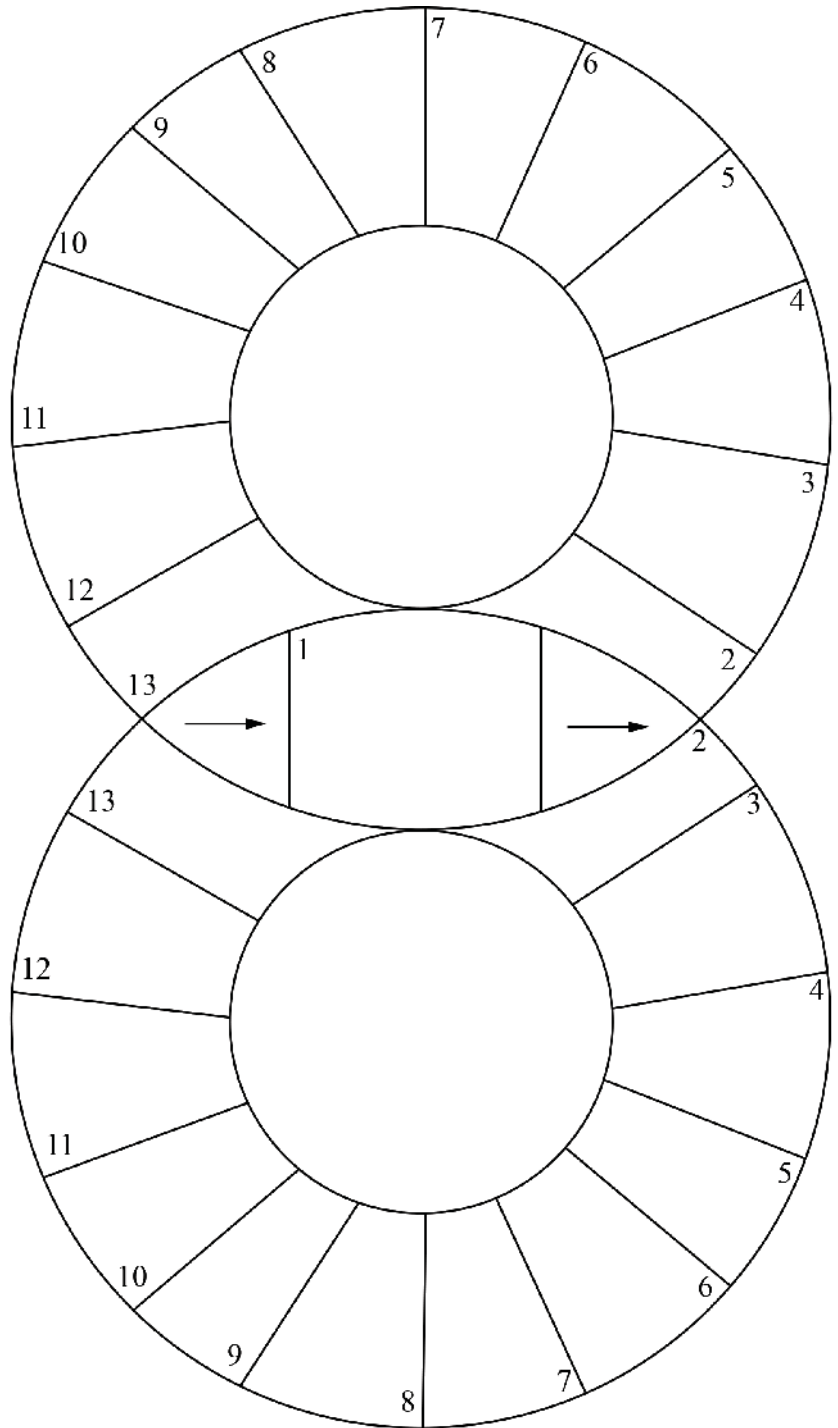

For example, if the clue for boxes 1-2 was "Lawyer representing the state in prosecuting criminal cases," the answer would be *Attorney General*. *Attorney* would go in box 1, and *General* would go in box 2. If the clue for boxes 2-3 was "Bailed-out American automobile company," the answer would be *General Motors*. The word *General*, is already in box 2; you then insert the word *Motors* in box 3, and so on. Good luck!
